to the **A**gentic **E**conomy

01 / THE SHIFT

x402

The payment standard for AI
buying tools.

Example services and prices.

01 / 06

Agentic Economy
aecon.ai

AI is moving from answering
questions to hiring tools.

100M+

Payments made by software
worldwide

AI analysis	\$0.002
Website research	\$0.004
Satellite image	\$0.08

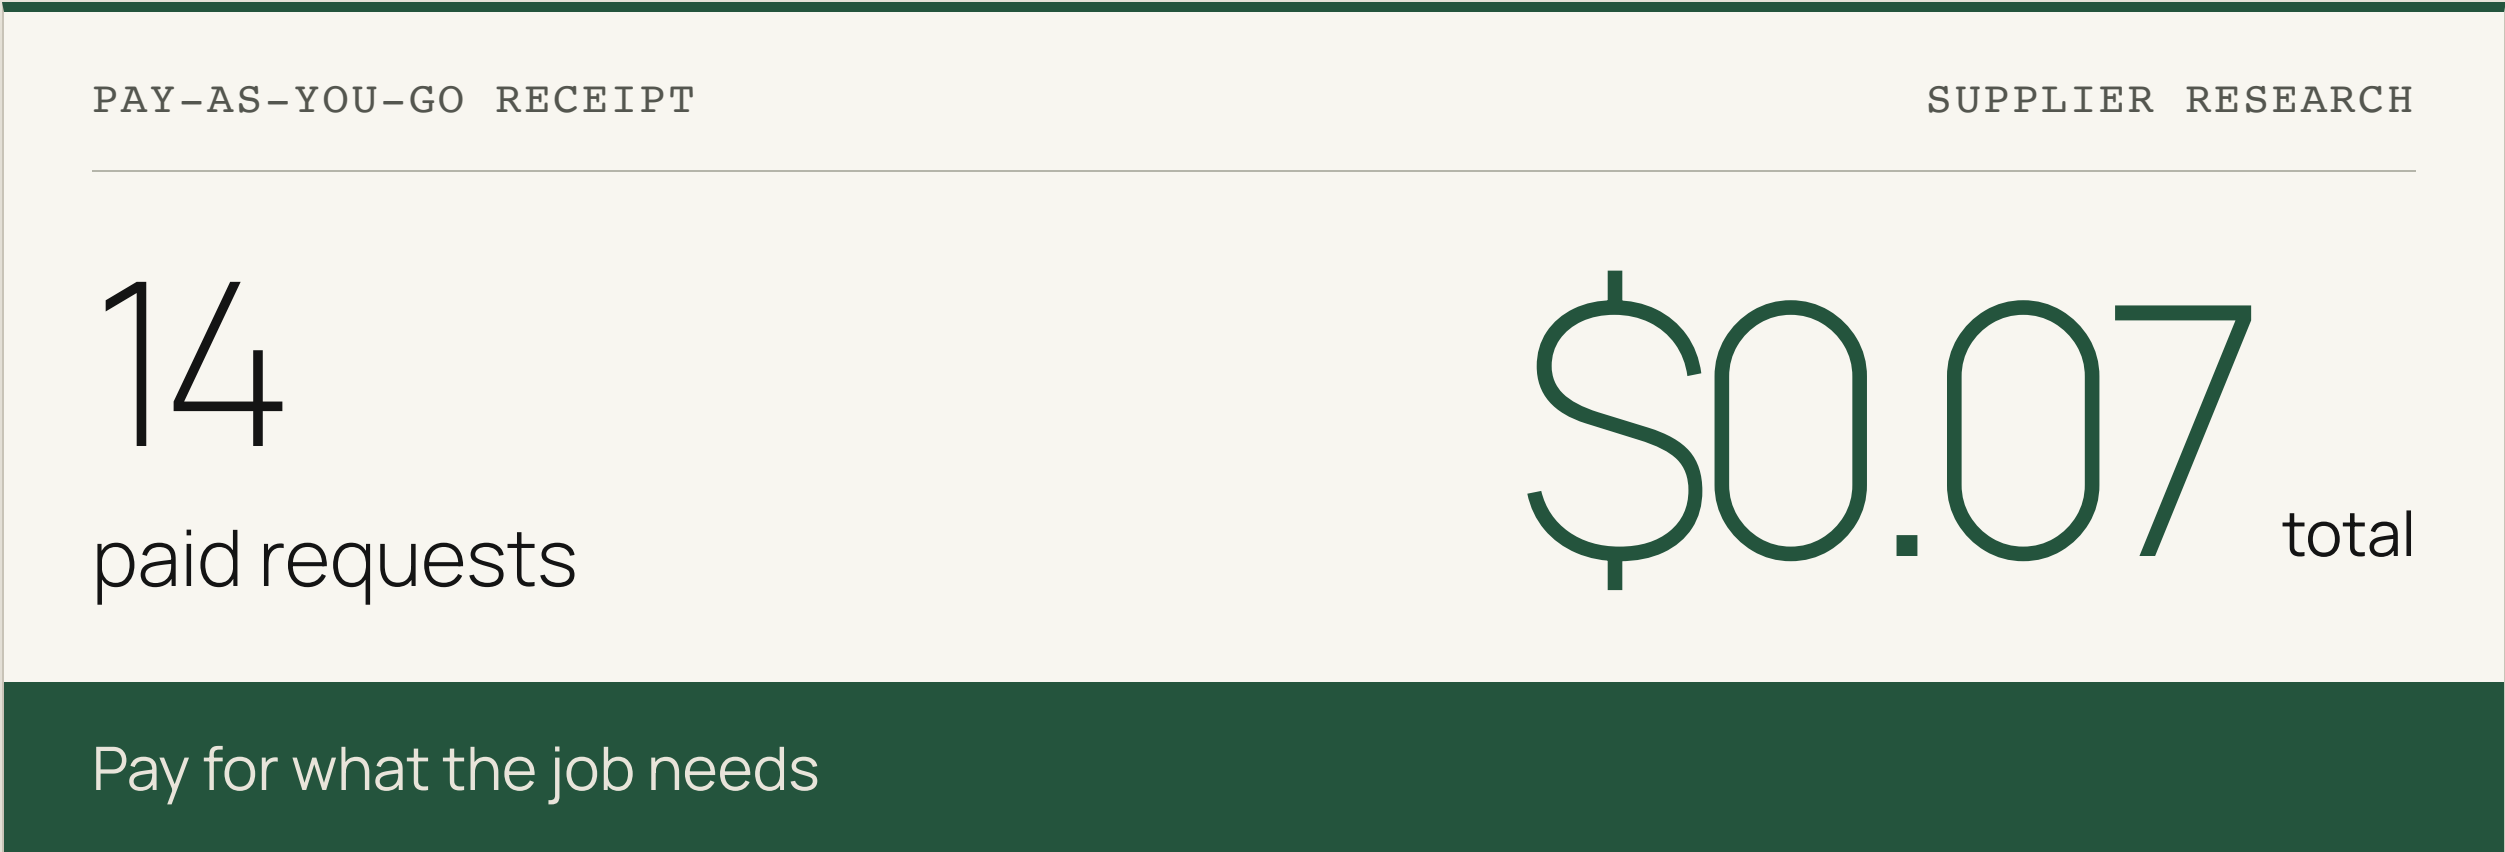

Pay as
you go

Pay for each use, without
another monthly
subscription.

Illustrative job receipt.

AI Agents can now buy a service for a single, on-demand task.

03 / THE PROBLEM

Permission
to spend.

Your AI can spend. Your
business stays in control.

Illustrative purchase attempt.

03 / 06

Agentic Economy
aecon.ai

However, Australian businesses
are not set up to let AI spend.

• • • Purchase attempt

EXAMPLE

Payment declined
